Information To Be Read by Designated Staff Before Signing the Compliance Statement

**RULE XLI - POLITICAL FUND ACTIVITY; DEFINITIONS**

**(as amended by S. Res. 188, agreed to June 13, 1977 and S. Res. 258 agreed to October 1, 1987)**

1. No officer or employee of the Senate may receive, solicit, be the custodian of, or distribute any funds in connection with any campaign for the nomination for election, or the election, of any individual to be a Member of the Senate or to any other Federal office. This prohibition does not apply to three assistants to a Senator, at least one of which is in Washington, District of Columbia, who have been designated by that Senator to perform any of the functions described in the first sentence of this paragraph and who are compensated at an annual rate in excess of \$10,000, if such designation has been made in writing and filed with the Secretary of the Senate and if such assistant files a financial statement in the form provided under rule 34 for each year during which he is designated under this rule. The Secretary of the Senate shall make the designation available for public inspection.

**SUPPLEMENTARY STATEMENT OF THE SELECT COMMITTEE ON ETHICS**

Rule 41 and its history emphasize that a designated employee may not spend substantial time on the political fund activity of his or her employing Senator. Senate Report 95-49 states that designated staff "should not be spending much of their time in connection with receiving or handling political funds"; and that if such work "engages a substantial portion of the individual's time, that person should go off the Senate payroll and go on the payroll of the campaign committee."
